PRESSING CLOTHING IS AS MUCH AN ART AS MAKING THEM.

We claim that to properly and thoroughly press any kind of garment it must be done on a Hoffman sanitary steam clothes pressing machine. This method produces the natural body shape in clothes of every description, raises the nap, brings out the color, gives the garment a fresh, clean, new appearance and causes it to last much longer.

Let us convince you.

CURED BY A NATIVE HERB

On board a vessel bound for India recently a man was bitten by a poisonous reptile; both the ship doctor and a famous surgeon failed to control the poison fast spreading through his system.

In a day the vessel reached port. An Indian medicine man was sent for who produced a native herb which quickly allayed the poison and the man's life was saved.

Roots and herbs are nature's assistants in combating disease. That well-known medicine for ailments peculiar to women, Lydia E. Pinkham's Vegetable Compound, is prepared from roots and herbs, possessing medicinal properties of great value in the treatment of such ailments.

This is proved by the letters of recommendation we are continually publishing in this paper for it.—Advertisement.
